About VICAP

The Virginia Insurance Counseling and Assistance Program (VICAP) is part of a national network of programs that offer free, confidential counseling and assistance for people with Medicare. Congress established these programs in 1990 to help beneficiaries navigate an increasingly complex health care system.

Each year, VICAP provides invaluable services to people with Medicare, including:

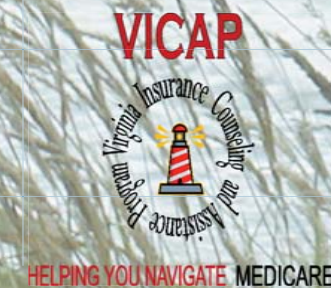

- ◆ Counseling beneficiaries through the annual prescription drug plan enrollment period.
- ◆ Connecting with beneficiaries who have limited incomes to help them save money on health care costs.
- ◆ Educating the community about health insurance issues.

About the VICAP COMPASS Team

The COMPASS Team is a volunteer program that helps the Virginia Insurance Counseling and Assistance Program (VICAP) educate, counsel, and assist Virginia's Medicare beneficiaries.

Your talents and skills are needed!

Become part of the VICAP COMPASS Team. Your experience can have a meaningful impact on the lives of Medicare beneficiaries in our state.
